

Münster-Twente Workshop

Westfälische Wilhelms-Universität (WWU), Münster
and University of Twente, Enschede

10.00 Uhr M5

Bernhard Geurts, University of Twente

„Computational modelling of pulsatile flow in cerebral aneurysms“

11.00 Uhr M5

Antonius Zagaris, University of Twente

„Oscillatory destabilization of emerging planktonic colonies“

12.00 Uhr

Lunchbreak

14.00 Uhr M5

Mario Ohlberger & Christian Engwer, WWU Münster

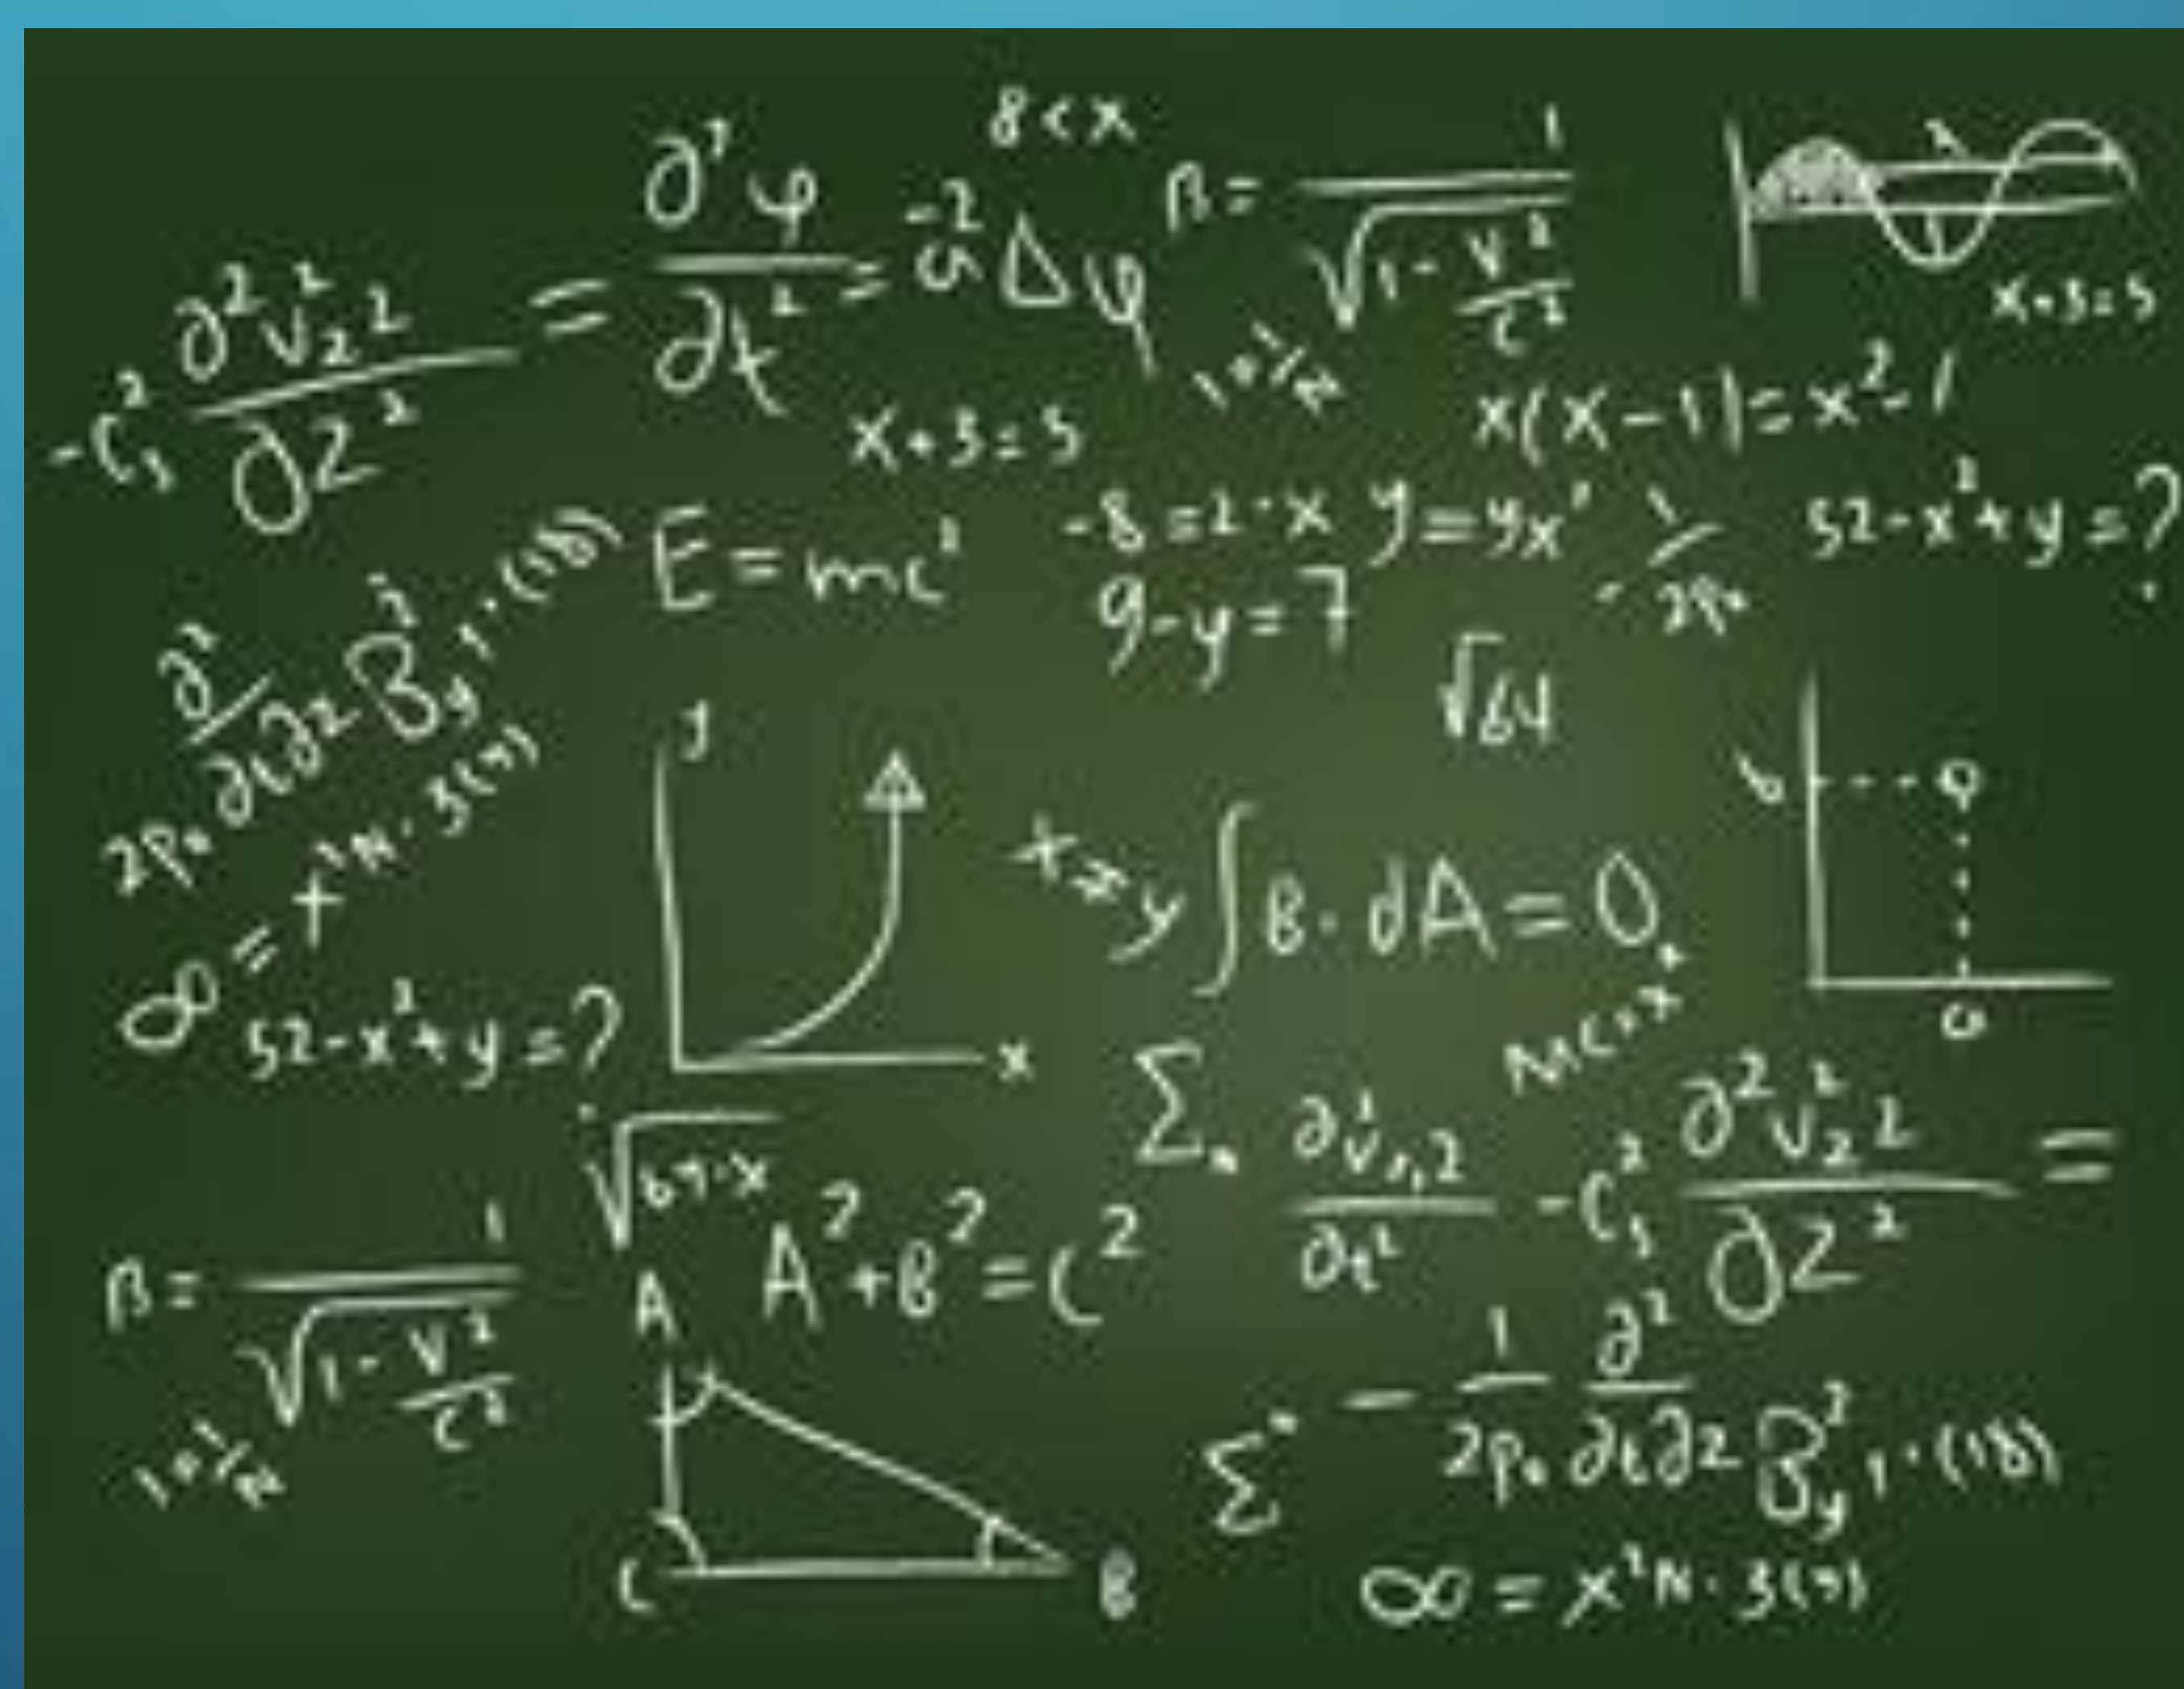

„Numerical multi-scale modelling in physical and bio-medical applications“

15.00 Uhr M5

Caterina Zeppieri, WWU Münster

„Multi-scale variational methods for materials and structures“

Wednesday, 6.11.2013
10.00-16.00 Uhr, Einsteinstr. 62,
48149 Münster

Organisation: Angela Stevens, WWU & Stephan van Gils, University of Twente
