

Same and/or Other? Animals in East Asian History

08–10 May 2025

Institute of Sinology and East Asian Studies, University of Münster

The workshop poses the overarching question of how humans and animals have been understood as Same and/or Other. It discusses human-animal relations in the context of East Asian history and is decidedly interdisciplinary in its approach; we invite contributions which approach this topic conceptually or with concrete case studies drawn from literary, philosophical, archeological, or other sources.

We look forward to receiving abstracts for presentations by **December 15th, 2024**. Successful applicants will be notified by the end of January 2025.

Please send abstracts to: casn2025@uni-muenster.de.
